Your Blood is Poor and Thin, Your Nerves Weak, You Are Run Down in Health.

Take Dr. Greene's Nervura, Best of All Medicines, Most Wonderful Restorative and Strengthener Known to Science - Makes Pure Blood, Strong Nerves, Vigorous Bodies.

This season finds you with thin, poor, impoverished blood, weak, relaxed, and unstrung nerves. You are without your usual strength, energy, and vim; you feel that you are out of order, without being exactly sick. The cold wind seems to blow clear through you, a storm chills your marrow, and

you have rheumatism, neuralgia, biliousness or kidney disease because of your disordered condition. You must take the best medicine to give you renewed strength and vitality, the best blood builder and purifier, the best nerve strengthener and invigorator. Dr. Greene's Nervura blood and nerve remedy is the best medicine in the world to do all this. It purifies and enriches the blood, feeds, strengthens, and invigorates the nerves - in fact, it makes the weak strong, the sick well, and will cure your stomach trouble, your biliousness, your kidney trouble, rheumatism, or neuralgia.

Mr. John Moore Hale, 230 West 7th St., St. Paul,

"I was taken with La Grippe and Sciatica. I had the best doctors but without much relief. A friend of mine recommended Dr. Greene's Nervura blood and nerve remedy, and I dropped the doctors and bought a bottle of the Nervura. Before it was a little over half gone, I felt that I was on the mend, and I took three bottles and to-day I am a well man. I struck it. 'Dr. Greene's Nervura blood

and nerve remedy has made my burden lighter by building up my run down system. The ailment of greatest hindrance to me was kidney trouble, which, as those who suffer from it know, absolutely unfits a man for business, especially if he is of a nervous temperament. Dr. Greene's Nervura has built me up so that I can safely pronounce it the superior of any proprietary medicine I ever used. I recommend it to all."

Take Dr. Greene's Nervura blood and nerve remedy now for your medicine. This grand remedy has the confidence of the people as no other remedy has because it is the prescription of a regular physician, Dr. Greene, 101 Fifth Avenue, New York City, who has the largest practice and makes the most cures of any physician in the world, and who can be consulted without charge by anybody, personally, or by writing about your case. Your druggist recommends and sells Dr. Greene's Nervura.

NEW SCHOOL BUILDING

Business Branch of Public Educational System.

THE PLANS APPROVED

DESCRIPTION OF THE ARCHITEC-TURAL DESIGN.

Structure to Accommodate 800 Students-Arrangements Made for Enlarging Facilities.

The officials of the District building de partment have just completed their review of the plans and specifications for the proposed new Business High School, and the specifications will be ready for the printer within a day or two. It is understood the District will soon begin advertising for bids for the construction of the new building, and that the contract for erecting the structure will be awarded about the 1st of

The specifications will require that the building shall be completed within eighteen months after the award of the contract. Hence, it is expected that work will begin immediately after the letting of the contract for its construction, and that it will be finished about the latter part of 1905.

The new building, together with the surrounding parking, will occupy all of north square 396, bounded by 8th and 9th streets and Rhode Island avenue and R street. The appropriation for the structure is \$168,000, and it is believed that practically all of that amount will be used in the construc-

architect of the new Business High School. The style of architecture employed will be a type of the English renaissance. The building will acommodate about 800 pupils, and there will be room on the square for an enlargement of the structure so as to accommodate 400 more students in case the additional building is needed.

Some of the Accommodations.

In addition to a large number of class rooms the structure will contain a large gymnasium and assembly hall, special laboratories, bath rooms, locker rooms, reception and office rooms and retiring rooms for the instructors.

The building will be constructed of red hand-made brick, with trimmings in In-diana limestone. It will be three stories high, with a basement. The structure will have a main frontage on Rhode Island avenue of 178 feet, and smaller entrances on 8th and 9th streets, the former for the boys and the latter for the girls.

Gray or pink granite will be used for the base course of the building, and the belt courses, columns and other enrichments will be of limestone. The main enwill be of limestone. The main entrance of the building shows a central portice effect, with a group of eight stone Ionic columns, carrying the entablature with the name of the building thereon, and with an elaborately ornamented cartouche above. Just over the main doorway will be an elaborate balcony, carried on heavy brackets or corbels, ornamented with carving. The entrance and vestibule doors will be of quartered oak, with French plate-

glass windows. The entrances on 8th and 9th streets will be treated in much the same manner as the main entrance, excepting that brick pilasters with stone caps and bases will be used instead of stone columns. The flat roof of the building will be surrounded by a brick and stone parapet wall.

In the basement will be installed the heating apparatus; In this part of the building

also will be located the janitor's living rooms, bleyele rooms, toilet and wash rooms, and the two bath rooms, each of which will be fitted up with five combina-

Vestibule and Stair Hall.

The main vestibule and stair hall will be finished with marble wainscoting, with terrazzo floors. On either side of the entrance hall there will be a reception room, and in the rear a short flight of marble stairs leading to the gymnasium, which is on the first Mr. B. Stanley Simmons of this city is the floor. The gymnasium will be fifty-four

Hoot mon!

Mr. and Mrs. John D. Rockefeller, Mr. and Mrs. John D. Rockefeller, jr., and little Miss Rockefeller are on their way to Fiorida in a private car. Young Mr. Rockefeller and his wife and daughter will return the tall man in the long overcoat that in three weeks, but his father and mother will spend several more weeks in the south. John D. Rockefeller, sr., was in a pleasant frame of mind before he started on Saturday. Mr. Rockefeller was looking well. Although the management of his great enterprises compel him to be one of the hard-

est workers in the world, he showed no indication of the fatigue incident to his "My health! Thank you. I was never bet-ter in my life," he said. "I have discover-

ed the best prescription for good health is outdoor exercise and eating slowly. regular in everything, but above all things, "If I have only fifteen minutes to eat a luncheon I will eat four or five mouthfuls in that time and carry away a mouthful

with me. Four mouthfuls slowly eaten is far better than a hearty meal consumed in haste. It takes a person a long time to appreciate this fully, but the sooner they do it the better it will be for their health. I find that when I play golf a lot and keep he was in any way connected with Miss Schafer is absolutely false.

"You may say," said Heltger, "that I met Miss Schafer only once. I never was at her house to call on her. I talked to her only in the presence of Miss Knox, and we talked of George Shaw and James Dodd, two Elkhart boys whom she knew. I never wrote a word to her in nor received a word to her in the presence of Miss Knox, and we talked of George Shaw and James Dodd, two Elkhart boys whom she knew. I never wrote a word to her in nor received a word to her in the find that when I play golf a lot and keep out of doors I both eat and sleep better. "Do you know that I recently read an article by a well-known scientific man to the effect that cheese is an excellent article of diet? I wish that I had read that article a long time ago. I had been afraid that the cheese had a tendency to produce indiges. Now, I find that I will be for their health. I

sung without accompaniment and with the real Scotch flavor.

Music was the feature of the evening and

Cork Club fame: Mr. James Painter and Mr. William Gardiner. The songs were inspir-ing and provoked hearty applause. But it was when the notes of the piper

fell upon waiting ears that the enthusiasm of the company reached its climax. Pipe Major David Brunton entered the hall play-ing "The Campbells Are Coming," and he was cheered to the echo. Mr. Jardine play-ed very sweetly a number of favorite Scotch airs on a clarionet. Prof. Saltsman rendered several piona solos, and Noah Zeller added variety to the program by a song in German, which caught the humor of the company.

Responses to Toasts.

and interesting. The responses were heartily applauded, and a decided relish was added by the clever interpolation of an original poem, "Scotland and Burns," by Mr. J. H. Stevenson. It was a beautiful bit of verse, whose theme was discussed with a charm and expression peculiar to a Scotch poet. Mr. Stevenson reads an origi-nal poem at each annual reunion, and this year's contribution added much to that genius and oratory for which he is already

feet wide by ninety feet long, with a suspended running track eight feet wide around the outer wall. The gymnasium will be fitted up with all the latest gymnasium appliances. The director's office will be located directly off from this large room.

On the first floor also will be nine class rooms, the average dimensions of which will be about twenty-three by thirty-two

will be about twenty-three by thirty-two feet, and two locker rooms fitted with ex-

panded metal lockers.

Directly over the main entrance on the second floor will be found the principal's office and the clerk's room. The library will also be located on this floor in addition to the teachers' retiring rooms, eight class rooms and locker rooms. The assembly hall will be on the second floor immediately above the graphs and and will be diately above the gymnasium, and will be the same size exactly as that room. In the north end of the assembly hall will be placed a stage with dressing rooms on either side. The floor will be flat and the hall will be fitted with opera chairs. The

seating capacity is estimated at about 500 persons. The ceiling of the hall will be twenty-four feet in height, extending through the third story. The physical, chemical and biological laboratories will be found on the third floor. These rooms will be twenty-five feet wide by fifty feet long. In addition to five class rooms on this floor there will be drawing and map rooms, banking rooms

Interior Finish.

The interior will be finished generally in yellow pine with hard oil finish. There will be four stairways, constructed of fireproof material, leading from the first floor to the third story of the building. All the class rooms, the gymnasium and assembly hall will be heated by the Planum system, with hot air forced through the pipes by means of three 84-inch cone fans driven by electric motors. The corridors and basement rooms and the laboratories will be

ment rooms and the laboratories will be heated by steam.

As a safety precaution against fire, all the corridors will be constructed twelve feet wide. There will be two drinking fountains on each floor, and every modern convenience it is believed that could be desired in a building to be used for school nursoass. The new Business High School will be in

the new Business High School will be in the vicinity of the McKinley Manual Train-ing School, which is located on 7th street and Rhode Island avenue. The location is regarded as in the very center of the city's population.

NO CLUE FOUND YET after he had spent a pleasant evening he right smart, and she showed him the door. PAY TRIBUTE TO BURNS

Occasion Marked by Scottish Songs,

Yesterday was the 145th anniversary of Robert Burns' birthday and right royally did the Caledonian clansmen of the District friendly cracks," they gathered around the banquet board at Hotel Reuter last evening and, according to custom, paid loving tribute to their country's poet.

It was the annual reunion and banquet of the Caledonian Club. whose feasts of reason and flow of soul have long since been recognized as conspicuous events in the District An oil painting of Burns draped with flags hung prominently on the wall and the festive board and cheery air right well suggested "Sit round the table weel content, an' stir about the toddy."

Dr. Thomas Miller, chief of the club, pre-sided as toast master, in which duty he

cleverly wove wit and humor when he call-ed for songs and speeches. The banquet was shorn of customary for-malities, the program of addresses and

music being given as the courses were serv-ed. A carnation lay at each guest's plate and about fifty guests were seated.

Mr. William Jardine reverently invoked the divine blessing, with a bit of Scotch verse. Mr. John Russell followed with the song, "Bonnie Scotch Thistle." which was

upon the presentation of each speaker he was greeted with the song by the company "He's a jolly good fellow." Solos were rendered by Mr. Harry L. Shackelford of Burnt

The toasts were well selected, instructive

The following is the program of toasts and their responses:

"The day we celebrate, to the immortal memory of Burns," Clansman "Scottie" Smyth; "The Caledonian Club," by Robert L. Cameron, the oldest member of the club, who was suffering with such a caledonian club," who was suffering with such a cold that he could respond with but a few words; "The land o'cakes, may her future be as glorious as her past." Clansman W. C. Barr; "Our adopted country, the home of thousands of good Scotsmen and better American citizens." Clansman Beletter American citizens. can citizens Clansman Robert Armour, a veteran of the civil war, who served in the 79th New York Volunteers; "The President, the executive, not the ruler, of a free people," Clansman A. E. L. Leckie, and "The Lassies: She elects without voting and governs without law," was responded to very neatly by a song "Grand Creative by a song neatly by a song, "Green Grows the Rashes," by Clansman James Cutworth.

The Addresses An address was made by Mr. James Dun-

can of the American Federation of Labor which was inspiring to every Scotsman over two million American citizens, of whom will find Piso's Cure a liberal percentage were Scotch or of Scottish descent. He had traveled to many

Catarrh Cured By Herbs AND NOT BY COCAINE.

It is known among doctors, as well as their patients, that the chief ingredient of most so-called catarrh and asthma cures is cocaine which relieves the patient by deadening the pain, but which does not cure. Instead, it is injurious. Thousands upon thousands of people who are addicted to the cocaine habit acquired it by using some so-called asthma or catarrh cure which contained cocaine.

TO-NI-TA

Dr. Lorentz's Mucous Membrane Bitters,

discovered by Dr. Lorentz, the well-known specialist, is composed of pure medicinal herbs only, and is guaranteed to be absolutely free from cocaine and dangerous drugs of any description.

TO-NI-TA will cure any case of catarrh of the head, throat, lungs, stomach, kidneys, bladder and female organs. Thousands of doctors who have had the prescription brought to their attention, say it is a Godsend to suffering humanity and the only cure for catarrh that they have found safe to prescribe.

A trial bottle will convince any one that TO-NI-TA will absolutely cure catarrh of any description. It acts directly on the mucous membrane, driving the poisons out of the system, as it is a mild laxative. It stimulates and purifies the blood, tones up the heart action, invigorates the brain, and makes blood, muscle and nerve.

DOCTORS PRESCRIBE TO-NI-TA.

"TO-NI-TA is the most perfect tonic and stimulant that has ever come to my notice. I became familiar with the prescription from which TO-NI-TA is compounded, a number of years ago, through my professional association with Dr. Lorentz. Relying upon his advice I began using TO-NI-TA in my own practice, and with the most signal

"I have treated every variety of disease in both men and women which attacks the mucous membrane, and I believe there is not a case so severe, no matter of how long standing, that TO-NI-TA will not re-

"In lung troubles, in nervous disorders, and wherever a condition approaching general breakdown is indicated, TO-NI-TA is uniformly effective. I always prescribe it.

"I will avail myself of any opportunity to answer correspondence" relative to this medicine." HARRY M. SCHALL, M. D. Rochester, N. Y., September 1, 1903.

Beware of Substitutes and Imitations.

parts of the world, and wherever he had visited he found the spirit of Burns and his songs. One could never get away from "Auld Lang Syne." He regarded Burns' "A man's a man for a' that" as a living principle that marked the Scotchman in whatever portion of the globe you find him. It was a truism that had been translated into many of the world's languages. Mr. Duncan's remarks elicited prolonged and hearty applause.

Clansman Smyth's remarks were replete with wholesome truths of Burns' great heart and love of nature. His tribute showed careful preparation, and was a loving testimonial to the noble bard.

Prof. Leckie's tribute referred to the two great characteristics of Scottish life—love of country and love of God. His remarks were made more forceful by a most pleas-

great characteristics of Scottish life—love of country and love of God. His remarks were made more forceful by a most pleasing delivery and impressive mien. He gave illustrations indicating the beauties and heroic grandeur of these traits of Scottish life, and said that Burns and his clans lived and practiced life near to nature's own heart.

lived and practiced life hear to hatthe sown heart.

Dr. Bennett enlivened the company with some good Scotch stories, and he gave them with a zest and typical portraiture that evoked the greatest enthusiasm.

The committee in charge of the arrangements for the dinner included Dr. Thomas Miller. chairman; John B. Smyth, Robert Low. William Jardine, William Gardiner and Dr. Francis Wood. Among those present were:

UNOPPOSED BILLS PASSED.

Mr. Morgan Speaks for the Nicaragua Canal Route.

In the Senate yesterday afternoon two ours immediately before adjournment were devoted to the passage of unobjected bills on the calendar and to a further consideration of the Panama case, Mr. Morgan speaking in advocacy of his resolution directing the President to enter into treaty negotiations with the governments of Nicaragua and Costa Rica for a canal on the Nicaragua route.

Mr. Tillman also presented the following esolution, but upon objection by Mr. War-

ren it went over: "Resolved, That the Secretary of War be, and he hereby is, instructed to send to the Senate information in the nature of answers to the following questions:

"First. What officers in the army were appointed during the recess of the Senate occurring between March 19, 1903, and November 9, 1903? Were commissions issued to these officers, and if so of what character? What officers failed of confirmation during the special session beginning November 9 and ending December 7, 1903? Have these officers been reaspointed and Have these officers been reappointed and have commissions been issued to them? If so what is the character of the commission and what authority of law is there for its

being issued?"

The Senate then resumed consideration of the calendar and the following bills were Authorizing the erection of a statue of Commodore John D. Sloat at Monterey,

to the memory of John Paul Jones.

Authorizing the issuance of duplicates of lost congressional medals.

Providing for the construction of a rev-

enue cutter for service ir. Narragansett Providing for a site for a depot for the revenue cutter service.

Directing the fulfillment of treaty stipulations with the Chippewa Indians of Lake Superior and the Mississippi.

Authorizing the sale of a part of Red

Lake Indian reservation in Minnesota. Authorizing the construction of a bridge across Thief river in Minnesota. Authorizing the construction of a railroad bridge across the Missouri river at

Authorizing the payment of claims in-curred by citizens of Nevada in suppressing Indian hostilities in that state in 1860.

Justice Gould, in Equity Court No. 2, has issued a rule against Milo C. Burbage directing him to show cause why a petition filed by his divorced wife, Nellie Burbage, asking for an amendment of the decree of the court regarding the custody of the child of the couple, should not be granted. By the terms of the divorce decree, signed June 21, 1901, the custody of the minor child was awarded to the father, and the child was awarded to the father, and the mother now asks that it be restored to her. The petition recites that the child, a girl, is now nine years old, and had always lived with her mother, notwithstanding the decree and by the father's permission, up to September 21, 1903. Then the father took the child away to the country and only once since, and then for but a brief time, has permitted the mother to see her child. The petitioner is represented by Albert

WORK HIGHLY PRAISED

FILIPINO STUDENTS SENT TO THE UNITED STATES.

Enthusiastic Report on Their Conduct

Made by Wm. A. Sutherland,

the Agent in Charge. partment, is in receipt of the first report of

William Alex Sutherland, the agent in charge of Filipino students in the United In August of last year the Philippine com mission passed an act providing for the education of a number of Filipinos in the United States at the expense of the insular government. The boys were carefully selected by examination, both mental

and physical, from thirty-three provinces, and English was one of the studies in which they were obliged to have good grades.

Great enthusiasm throughout the Philippines was aroused by the sending of these students to America, and many pleasing attentions were shown them both at their home towns and in Manila before embark-ing. A special operatic performance was given in their honor, and on the morning of their departure a meeting was held at which addresses were made by Gov. Taft, Commissioners Smith and Tavera and prominent Filipinos, after which they

marched to the wharf in a body to the music of half a dozen brass bands and accompanied by civic organizations and thousands of citizens.

Ninety-six students embarked October 10. Both the passengers and ship's officers spoke in praise of the conduct of the students. The party reached San Francisco November 9, and on the 11th left for south-ern California, where they are to remain

for the winter, distributed among the public schools of the southern counties. It was thought best not to subject them to the rigors of a northern winter at once,

but next summer they will be brought to the middle states. The report concludes with the following "No other class of Filipinos whom I have

known have in any degree compared with the Filipino students sent to America in their appreciation and gratitude for the benefits conferred upon them, for the forbearance and patience shown them and the opportunities offered them for progress by the government. I have reports from their teachers and housekeepers at every place that the danger is not that they will study too little, but that they will study too much They were uniformly successful in the examinations held by their schools, just prior to the holidays, despite their late entrance to the schools and the short time that they have been studying their texts in English. They are all working with splendid serious-ness for the accomplishment of the lofty purposes for which they are in this country, and I only ask that as good material be furnished in the future; that not one young man or young woman in whom the fullest confidence may not be placed and whose fitness, mental and physical is not of the very highest order be sent by the government. ment for education in the United States. There is no scarcity of such material, and if it be sent I feel that there can be no

question as to the final result." Reported Arrangement Repudiated. The Department of State has received from Consul Mayer, Buenos Ayres, Argen-

tine Republic, a report, dated December 13, regarding a Minneapolis company named the South American Colon'sts, which is selling shares of \$500 each, each shareholder being entitled to certain lands and privi-leges in the Argentine Republic. It is also claimed that the colonis's will be exempt from taxation for ten years, and will be allowed to carry all their household goods, farm machinery, etc., into the country free of duty.

Consul Mayer says he called upon the
